THE POPPY ESTATE

Preferred Vendor Packet

2026

At **The Poppy Estate**, we are dedicated to delivering **exceptional experiences**, **timeless style**, and **seamless service** in a setting that feels as **special as the memories made within it**. That commitment extends beyond our venue to the talented professionals we choose to recommend. Rather than overwhelming you with a long list of vendors, we've intentionally curated a **small** group of **trusted partners** who consistently provide exceptional service and know our venue inside and out. These are relationships built on **years of collaboration**, shared standards of excellence, and a genuine passion for creating **unforgettable celebrations**. We believe that surrounding our couples with experienced professionals who work seamlessly together results in a smoother planning process, a more enjoyable wedding day, and an experience that exceeds expectations from start to finish, delivering **you** the day of your dreams **you have worked so hard to perfect**.

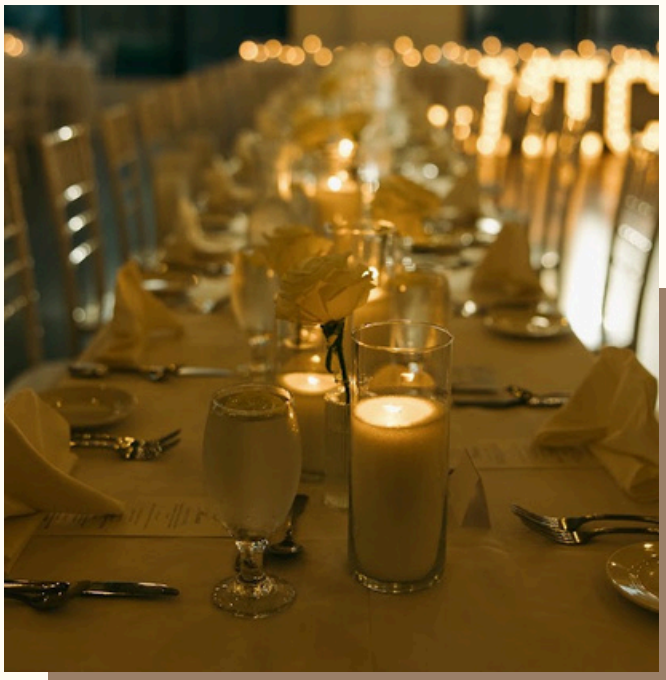
Candlelit

Soft glow. Warmth. Intimacy. The way candlelight draws people in and makes a setting feel more memorable. That sense of atmosphere is at the heart of Candlelit. We design and install candle-forward celebrations, using candlelight as a primary design element throughout the space. Each placement is intentional, from reception tables to ceremony spaces and architectural focal points.



A considered mix of glass candle holders creates height, rhythm, and layered glow, whether complementing existing florals and décor or leading the design.
Candlelit handles design, setup, venue requirements, and removal, creating one cohesive atmosphere.

Sure, we know flowers, but even more than that, we know how to listen to you so that we can make the blooms sing your unique song.
